

PROJECT:-

PROPOSED BRIDGE OVER BATANG RAJANG

LOCATION :-

Sarawak, Malaysia

OWNER :-

Jabatan Kerja Raya, Sarawak

PROJECT COST :-

RM 80 Million

COMPLETION DATE:-

Ongoing

DESCRIPTION :-

The Government intends to develop Ng. Merit Coal Mine for the coal extraction.

The proposed road alignment from Ng. Merit to Ng. Mulukun follows alongside the existing logging road that is being used to transport the extracted coal to offload at Bt. Tulie. The proposed road is 44km through rugged terrain and requires 5 bridge crossings including a major crossing over Batang Rajang at Ng. Mulukun.

SERVICES PROVIDED :-

Preliminary and detailed design of Bridge over Sg. Batang Rajang.

The design works inclusive of civil, structural, electrical, mechanical and geotechnical aspects of the bridges.
